PREFERRED PROTECTION ROOFING SYSTEM LIMITED WARRANTY

Limitations on the transferability of this warranty are set forth herein.

Canada

WHO IS COVERED

To be eligible for this Preferred Protection Roofing System Limited Warranty, your property must be located in the Canada and you must be the original consumer purchaser (i.e., the homeowner, not the installer or contractor) or the first transferee from the original consumer purchaser (Owner) of a complete Owens Corning™ Roofing System (Roofing System), as defined below, from Owens Corning Roofing and Asphalt, LLC (Owens Corning). In addition, the entire Roofing System must be installed by an Owens Corning™ Preferred Contractor (PC) according to Owens Corning application instructions, over a clean roofing deck and not over existing shingles or other roofing materials, and must meet local building codes in order to be entitled to the benefits of this warranty.

ELIGIBILITY REQUIREMENTS FOR THIS WARRANTY

- Your Roofing System must be installed by an Owens Corning™ PC who is authorized by Owens Corning to register the Owens Corning™ Preferred Protection Roofing System Limited Warranty. PCs shall install the roof as per the specifications outlined in 2-5, below.
- Your Roofing System must be installed according to application requirements published by Owens Corning and in accordance with all generally accepted good roofing practices and all local building code requirements which are in effect at the time of installation.
- The Roofing System must not be installed over an existing roof—all existing materials must be removed to the deck. All rotten or damaged wood fascia, trim, or decking must be replaced, and decking must conform to leading industry standards.
- For your roof to qualify as a complete Roofing System, you must have purchased and installed Owens Corning™ shingles, any No. 15 or No. 30 asphalt-saturated felt underlayment or an equivalent synthetic underlayment, and three (3) of the five (5) products (Products) listed below:
 - Owens Corning™ VentSure® ventilation products, in conjunction with functional eave and/or soffit intake vents.
 - Owens Corning™ Hip and Ridge shingles.
 - Owens Corning™ underlayment products. **These Products qualify as the mandatory No. 15 or No. 30 asphalt-saturated felt underlayment as listed above if applied over the entire deck.**
 - Owens Corning™ Starter Shingle products, and
 - Owens Corning™ WeatherLock™ Self-Sealing Ice & Water Barrier Products.
- During installation, the PC will ensure that all required details and flashings are correctly installed as per Owens Corning and all building code and related requirements and in compliance with the above-listed Eligibility Requirements numbered 1-4.

Exceptions to the above requirements must be approved in writing by Owens Corning prior to registration of the warranty.

WHAT IS COVERED

We warrant that your Owens Corning™ Roofing System is free from any manufacturing defects that materially affect their performance on your roof during the Tru PROtection™ period or that cause leaks for the balance of the applicable warranty period. All non-Owens Corning™ products installed on your roof are excluded.

HOW LONG ARE YOU COVERED

The length of your warranty depends on the type of Owens Corning™ shingles you purchased. See the "Limited Warranty Information Table" at the end of this warranty to determine the warranty period that applies to your Owens Corning™ shingles. If you make a claim under this warranty that results in a repair of your roof, this warranty will be unaffected, as long as the repair is done by an Owens Corning™ PC, and will continue to provide you with coverage on your entire Roofing System provided that Owens Corning™ Products are used in the repairs. However, if you make a claim that results in your entire Roofing System being removed and replaced, this warranty will be void. If new Owens Corning™ shingles are installed, you will then receive an Owens Corning™ Standard Limited Warranty. However, if you once again install an entire Roofing System, you will be eligible to purchase a new Preferred Protection Roofing System Limited Warranty, as long as the new Roofing System is installed by an Owens Corning™ PC per the eligibility requirements.

1. TRU PROTECTION™ PERIOD

During the Tru PROtection period of this warranty, our payment to you will be one hundred percent (100%) of material and labor costs as reasonably determined by Owens Corning, to repair, replace or recover defective shingles, including the cost of tear-off, and disposal subject to certain limitations. See the "Limited Warranty Information Table" at the end of the warranty for the specific Tru PROtection period that applies to the Owens Corning™ shingles you have purchased. Under this Preferred Protection Roofing System Limited Warranty, all Owens Corning™ Roofing Essentials™ products, (see "Eligibility Requirements for this Warranty" portion of this warranty for products) with the exception of Powered Roof Vents, share the Tru PROtection period concurrent with the shingle installed. At the expiration of the Tru PROtection period, all Roofing Essentials products revert to the coverage specified by their standard warranties.

Under this Preferred Protection Roofing System Limited Warranty, if a cut Owens Corning™ Supreme™ shingle is used instead of Owens Corning™ Hip & Ridge shingles, the warranty term and Tru PROtection period for the Supreme shingle is fifteen (15) years. It does not assume the warranty term for shingles used on the balance of the roof, unless the entire roof is installed with Supreme shingles. The Tru PROtection period does not apply to Wind and Algae coverage. Please see "What About Wind Resistance" and "What About Algae Resistance" portions of this warranty for applicable coverage.

2. PRORATED PERIOD

Once the Tru PROtection period of this warranty has expired, the prorated period will begin. Materials and labor will be covered, and we will take into account the number of months of use you have enjoyed from the original installation date through the date of your claim, and reduce the amount of our payment to you accordingly. That is, we will prorate the amount of our payment to you through the date of your claim for any manufacturing defects that cause leaks for the balance of the applicable warranty period. For example: If you have a twenty-five (25) year warranty (i.e; 300 months) and you make your claim in the last month of the twentieth (20th) year of the warranty (i.e., the 240th month), our payment to you will be 60/300ths (such cost not to exceed 60/300ths of the labor and material cost at the time of purchase). For lifetime shingle coverage, see the "Lifetime Shingle Proration Table."

3. OTHER TYPES OF STRUCTURES

The coverage for all Owens Corning™ shingles offered by this warranty applies only to single-family detached homes. In the instance of shingles purchased or installed upon property owned by, for example, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residence, the warranty period for Oakridge® shingles and Duration® shingles will be forty (40) years and all other lifetime shingles will be fifty (50) years from the original installation date of the shingles, and the Tru PROtection period will be twenty (20) years. Please see the "Lifetime Shingle Proration Table" below for the prorated formula after Tru PROtection expires for lifetime shingles.

LIFETIME SHINGLE PRORATION TABLE

	Tru PROtection™ Period	Prorated Period Years 51 and Beyond	
Structure/Owner	Years 1-50	Prorated Period Years 51 and Beyond	
Single-family detached homes	100%	20%	
Structure/Owner	Years 1-20	Years 21-40 Oakridge® & Duration® Shingles Only	Years 21-50 All Other Lifetime Shingles
Other types of structures	100%	50% reduced by 2.5% each year thereafter	60% reduced by 2% each year thereafter

4. EXCEPTIONS

At all times, Owens Corning's obligation of payment for repair, replacement or prorated portion of the original purchase price of the defective Roofing System is subject to certain limitations. Additionally, Owens Corning will not pay for any underlayment, metalwork, flashings, or other related work.

5. WHAT ABOUT WIND RESISTANCE

Your shingles contain asphalt sealant that requires direct warm sunlight for several days (Thermal Sealing) in order to seal properly. If your shingles are installed during a period of cool weather, they may not adequately seal until the season changes or the weather warms, and if your shingles never receive direct sunlight or are not exposed to adequate surface temperatures, they may never achieve Thermal Sealing. Prior to Thermal Sealing, your shingles are more vulnerable to blow-offs and wind damage. This is the fundamental nature of shingles and not a manufacturing defect, and we are not responsible for any blow-offs or wind damage that may occur prior to Thermal Sealing having occurred. After your shingles have achieved Thermal Sealing, however, they will be covered under this warranty if they experience blow-offs or wind damage in winds up to the levels listed in the chart at the end of this warranty. HOWEVER, THE COVERAGE AGAINST SHINGLE BLOW-OFFS OR WIND DAMAGE IS IN EFFECT FOR A PERIOD OF FIFTEEN (15) YEARS FOR LIFETIME, SHINGLES AND FIVE (5) YEARS FOR SUPREME SHINGLES, FROM THE ORIGINAL DATE OF INSTALLATION. Owens Corning will be liable only for the reasonable cost of replacing blown-off shingles (to include material and labor) and the reasonable cost of manually sealing the unsealed shingles remaining on the roof. After fifteen (15) years for lifetime shingles and five (5) years for Supreme shingles, from date of installation, Owens Corning™ shingles and, if applicable, Owens Corning™ Hip & Ridge shingles plus labor will be covered at twenty percent (20%) of the original cost of the Owens Corning™ shingles, Owens Corning™ Hip & Ridge shingles and labor. We will take into account the number of months of use you have enjoyed from the original installation date, through the date of your claim, and reduce the amount of our payment to you accordingly (such payment to be determined from the cost of the Owens Corning™ shingles and Owens Corning™ Hip & Ridge shingles at time of purchase). Please refer to the "Transferability of This Warranty" portion for applicable transfer coverage.

6. WHAT ABOUT ALGAE RESISTANCE

If the shingles that you purchased were not specifically labeled as "Algae Resistant" (AR), then any discoloration caused by algae is not covered by this warranty as explained in the section below, "What Is Not Covered." However, if you did purchase AR shingles, they are covered for the period described in the chart at the end of this warranty (prorated after the first twelve [12] months) following the date of installation ("AR Warranty Period") against brown-black staining caused by growth of blue-green algae (primarily the cyanobacteria Gloeocapsa spp). We do not cover the effects of other growth such as mold, lichen, and green algae. If brown-black staining occurs during the AR Warranty Period, you will be entitled to the following remedy:

a. Remedy for Blue-Green Algae Growth—If your AR shingles are discolored by blue-green algae growth during the first twelve (12) months of the AR Warranty Period, we will cover the cost, including labor (such cost not to exceed the initial cost of the AR shingles plus the initial cost of installation), as reasonably determined by Owens Corning, to repair, replace or recover the affected AR shingles, subject to certain limitations. We will not cover any underlayment, metalwork, flashings or other related work, and we will not cover the cost to tear off or dispose of your AR shingles. For purposes of this AR shingle warranty, the term “repair” as used above refers to cleaning or otherwise removing any blue-green algae growth from affected AR shingles. Decisions regarding whether your AR shingles should be repaired, replaced or recovered will be made solely by Owens Corning.

b. Proration—If your AR shingles have been installed longer than twelve (12) months, labor will not be covered and we will prorate the cost of your coverage to take into account the number of months of use that you have enjoyed through the date of your claim. For example: If you make your claim in the last month of the fifth (5th) year of the AR warranty (i.e., the 60th month) and the AR warranty length is ten (10) years (i.e., 120 months), we will not cover labor but will cover 60/120ths of the reasonable material cost of the affected AR shingles (such cost not to exceed 60/120ths of the material cost at time of purchase of the AR shingles).

TRANSFERABILITY OF THIS WARRANTY (Based on original installation date)

You can transfer this warranty one (1) time, anytime during the life of the warranty. For this warranty to be transferred, the new Owner must complete and return the attached warranty transfer card, within sixty (60) days after the date of the real estate transfer to obtain the benefits of this warranty. Proof of purchase of the Owens Corning™ Roofing System and the installation date must be submitted at the same time. If the transfer takes place within the first fifteen (15) years for *Supreme* shingles or twenty (20) years on lifetime shingles, the second Owner is entitled to the same coverage as the original Owner. If the transfer occurs after the first fifteen (15) years for *Supreme* shingles or twenty (20) years for lifetime shingles, the balance of this warranty shall be reduced to a two (2) year period after the date of ownership change. If there is a manufacturing defect that causes leaks during this two (2) year period, our payment to the second (2nd) Owner will be based only on the reasonable cost of the replacement Roofing System reduced by the amount of use the second (2nd) Owner and the original Owner have enjoyed from the original installation date through the date of your claim.

WHAT IS NOT COVERED

Our warranty does not cover damage to the Owens Corning™ shingles or Products due to any cause not expressly covered herein. This warranty does not cover any problems with nondefective shingles or Products caused by conditions or handling beyond our control. Some examples of conditions not covered by this warranty include:

- Foot traffic on your roof or damage caused by object(s) (e.g., tree branches) falling on your roof;

- Improper storage, handling or other conditions beyond our control;

- Damages caused by, or the cost to repair or replace, any non-Owens Corning™ shingles or products;
- Improperly designed or installed gutter or downspout systems; and
- Any costs that you incur which are not authorized in advance by Owens Corning.

REPLACEMENT SHINGLE VARIATION

As a result of our ongoing efforts to improve and enhance our shingle and Product line, we must reserve the right to discontinue or modify our shingles or Products, including their colors. We are not liable to you if you make a warranty claim in the future and any replacement shingles or Products you receive vary in color either because of normal weathering or changes in our shingle or Product line. You should understand that if we replace any of your shingles or Products under this warranty, we reserve the right to provide you with substitute shingles and Products that are comparable only in quality and price to your original shingles and Products.

PAYMENT

Under the terms of this Limited Warranty, the manner of payment is at Owens Corning’s sole discretion and may be issued in the form of either/or a combination of cash settlement and/or material credit to an existing supplier of Owens Corning™ Roofing materials or Owens Corning retains the right to provide materials in lieu of compensation. All costs must be pre-approved by Owens Corning. Note: The prorated material cost will be determined by the cost of the Roofing System at the original time of purchase.

NO MODIFICATIONS TO THIS WARRANTY

This warranty may not be changed or modified. No one, including any representative or employee of Owens Corning and any representative or employee of the Owens Corning PC, has authority to assume any additional liability or responsibility for Owens Corning or in any way modify or change this warranty.
